

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation.

It is also a clear example of the error FCC made in allowing further concentration of media power.

I further believe that this may be no more than payback for the politically motivated decision to allow more concentrated media power.

I have no confidence that you will do anything to put right this decision because i believe you have already demonstrated that you are in the pocket of big money influences in violation of the trust based in you but I want you to know that this is my considered opinion and that I still want to believe you have the capability to do the right thing and reverse this disastrous decision.
